

vollara® AIR & SURFACEPRO

This small but powerful surface and air purifier uses our patented ActivePure® Technology to eliminate contaminants on surfaces and in the air, without the use of ozone, and reducing the odors caused by these contaminants.

WHAT'S POLLUTING YOUR HOME?

- VOCs
- Pollen, dust and dander
- Residue from household chemicals
- Mold and fungal spores
- Poor outdoor air quality
- Garbage cans
- Athletic clothing
- Cooking odors
- Pets

WHAT IT DOES

- Reduces over 99% of surface and airborne contaminants
- Uses a UVC light to oxidize and ionize the air
- Removes odors and freshens air
- Removes dirt and dust from the air
- Provides ozone-free air cleaning of surfaces and air

SO WHAT IS ACTIVEPURE® TECHNOLOGY?

ActivePure is based on technology originally developed by NASA. It is proven to reduce up to 99% of surface micro-organisms and dramatically reduce airborne contaminants and allergens in the air.

In 2017, ActivePure® Technology was inducted into the Space Technology Hall of Fame by The Space Foundation.

HOW ACTIVEPURE® WORKS

ActivePure has been tested in independent labs and proven to reduce and eliminate viruses, bacteria, mold and fungi on surfaces and in the air.

It works by harnessing microscopic oxygen and water molecules in the air that then go through our purification units, which are equipped with an ActivePure honeycomb matrix.

While inside the matrix, the molecules are transformed into friendly-yet-powerful oxidizers. As they're released back into the air, these supercharged ActivePure molecules seek and rapidly destroy contaminants, fungi, mold, and odor-causing bacteria – even ones that try to hide in hard-to-reach places.

ADDITIONAL UNIT FEATURES

- Positive and Negative Multipoint and RF Ion Generation
- Five Speed Fan
- LED Display
- Maintenance Reminders
- Replaceable ActivePure® Cells
- Removable Rear Grill
- Universal Power Supply with cords
- HEPA and Activated Carbon filters
- Uses only 43 Watts of electricity... less than a standard light bulb!

HOW IT HELPS YOU

- Cleaner surfaces and air without using chemicals or ozone
- Better sleep
- Fewer sick days and cold/flu outbreaks
- Fresh-smelling air year-round
- Healthier living environment
- Improved quality of life

VOLLARA AIR & SURFACE PRO IS PERFECT FOR:

- Allergy or asthma sufferers
- Sensitive or compromised immune systems
- Athletes
- Families
- Pet owners
